

THE NEW MINI CLUBMAN.

# CONFIDENT STYLING, PERFECTLY FORMED.

Sophistication is found where practicality is stylish and style is practical – as exemplified by the new MINI Clubman. At first glance, it is a classic MINI with all the British charm and urban appeal of the original. At a second glance, however, the 6-door model reveals a whole host of practical features as well as an adaptive spacious interior to fit the whole family. On closer inspection, the eye is drawn to the high-quality materials and the entirely unique styling that sets the MINI Clubman apart from all other cars in its class.

A veritable all-rounder, it is agile and manoeuvrable enough to be completely at home in towns and cities. At the same time, it offers all the space and comfort you need for a truly relaxing ride on longer journeys.

1

# PRACTICAL DESIGN MEETS ELEGANT STYLING.

The ultimate expression of style, room for five and an adaptive luggage compartment with 360–1250 litre capacity – the MINI Clubman. The two split doors at the rear can be opened automatically as required using the Easy Opener function – all you have to do is briefly wave your foot under the tail of the car. The centre section of the rear seat back can either be used as a load through system for long and bulky luggage or as a comfortable centre arm rest complete with drinks holders.

- ① Convenient Split Doors and 360–1250 litre luggage capacity. ② 18" alloy wheel Multi-ray Spoke 2-tone. ③ Panoramic glass sunroof. ④ Hassle-free luggage access thanks to the Easy Opener function. ⑤ Automatic air conditioning | Chrome Line interior. ⑥ MINI Head-Up Display. ⑦ Electric handbrake.

# NOT JUST AN ENGINE, BUT A DRIVING FORCE.

Whatever life throws at you, the six MINI Twin Power Turbo engines available in the MINI Clubman put the right power on the tarmac when you need it – none more so than the sporty 4-cylinders in the Cooper S/SD, which are also available with ALL4 all-wheel drive. And despite its larger size, it loses none of that characteristic go-kart feeling with an optional 10 mm lowered chassis available for the ultra sporty driver.

- ① Piano Black Exterior option | LED headlights with Matrix light functionality. ② New, stand-alone front grille design.  
③ ALL4 all-wheel drive for maximum stability and supreme traction on every road surface.

## COOPER S.

Full speed ahead: With a 2.0-l 4-cylinder petrol engine (192hp/141kW) or a 2.0-l 4-cylinder diesel unit (190 hp/140kW), the Cooper S Clubman packs the biggest punch. The front design and rear apron, the bonnet air scoop and dual tailpipes hint at the power waiting to be unleashed on the road. Meanwhile, the red S on the radiator grille, side scuttles and the right-hand Split Door underlines the car's sporting heritage.

## COOPER.

A 1.5-l 3-cylinder petrol engine (136hp/100kW) and a 2.0-l 4-cylinder diesel version (150 hp/110kW) offer a handy blend of oomph and economy. Let's not forget the special hallmarks: a chrome tailpipe and an optional contrast colour for the roof and mirror caps.

## ONE.

Choose from a 1.5-l 3-cylinder petrol engine that delivers 102 hp/75kW or a 1.5-l 3-cylinder diesel unit with an output of 116hp/85kW. Both feature MINI Twin Power Turbo technology. The go-kart feeling starts here. The mirror caps are always coordinated with the body colour.

# MAKE YOUR MARK.

What would life be without the power of colour? Create a look that reflects your personality with one of our 12 specially blended elegant paint colours, all designed to enhance the Clubman's unique character. The three contrast colours for the roof and mirror caps provide scope for an even more personalised look. The alloy wheels are available in 9 different designs, ranging in size from 16" to 19".

# UNIQUE INSIDE AND OUT.

Whilst we all know, you shouldn't judge a book by its cover - with the MINI Clubman you just can't help yourself! However, the unique exterior and outstanding design are more than matched by its versatile and stylish interior. To create just the right atmosphere inside, you can choose from four interior styles, incorporating colours and materials that complement each other perfectly.

① MINI Yours leather Lounge Carbon Black seat\* | MINI Yours Piano Black illuminated interior style. ② Sports seat in leather Chester Malt Brown\* | MINI Yours Frozen Blue illuminated interior style | Loading system with 40:20:40 folding rear seats. ③ Ambient lighting with 770 different colour shades (part of the optional MINI Excitement package) | MINI Yours Frozen Blue illuminated interior style. ④ MINI Yours leather sports steering wheel.

\*See next page for more detailed information on leather interiors

# AN INTERIOR WITH YOUR PERSONAL STAMP.

The perfectly coordinated design elements of the different interior styles provide the building blocks for your individually tailored interior. Even the range of seat cushions has something for every taste. Besides numerous different fabrics, there is also a variety of stitched, perforated and textured leathers to choose from. When it comes to choosing from the nine different covers, it is essential to consider how it ties in with the interior style.

<sup>1</sup> All figures relate to vehicles with the standard 6-speed manual transmission. Values in [ ] relate to vehicles with 7-speed/8-speed Steptronic transmission.

<sup>2</sup> The values shown for fuel consumption, CO<sub>2</sub> emissions and energy consumption are calculated in accordance with the measurement method prescribed in the European Regulation (EC) 715/2007 in the version applicable at the time of approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tyres available on the selected model and may vary during the configuration. The values are already based on the new WLTP test cycle and have been translated back into NEDC-equivalent values for the purpose of comparison. For these models, different values to those shown here apply when calculating taxes and other vehicle-related duties that (also) focus on the CO<sub>2</sub> emissions.

The models, standard and optional equipment and combinability of options in this catalogue relate to cars supplied by BMW AG for the German market. The availability of standard and optional equipment, and configurations of options, may vary for all models in this brochure after going to press (on 29.05.2019) and may vary from country to country within the European Union. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to changes in design and equipment.
