

THE MINI COUNTRYMAN.

ADD STORIES.

The people you never hear from are always the ones with the stories to tell. Chances are that they're in a MINI Countryman, living each day like an adventure. Being a comprehensively equipped Sports Activity Vehicle, it offers all the sturdy qualities of an off-roader, so you and up to four passengers can follow the unbeaten track in absolute safety and comfort.

The intelligent ALL4 all-wheel drive technology in the MINI Countryman is linked with the dynamic stability control (DSC) programme. It delivers the optimum driving torque in any driving situation, continuously splitting it between the front and rear axle – for perfect traction, maximum stability and exhilarating cornering.

TAKE IN THE VIEW. LIVE FOR THE MOMENT.

As big as it feels on the inside, the new Countryman is still a MINI through and through. Gliding through the city, coasting through the mountains – it's all effortless. Measuring just under 4.30 metres, it offers plenty of room to kick back and relax and still has the space for an adaptive luggage compartment boasting a capacity of 460–1390 litres. Add to this numerous smart features and carefully considered comforts for long journeys, which make time on the road all the more appealing and enjoyable.

① Panoramic glass sunroof | roof rails. ② Automatic climate control | MINI Driving Modes (MID, GREEN and SPORT). ③ MINI Head-Up Display. ④ 22.4 cm/8.8" touchscreen (in connection with MINI Connected Navigation Plus). ⑤ Pull-out picnic bench in the luggage compartment. ⑥ 450–1390 litre luggage capacity. ⑦ Hassle-free luggage access thanks to the Easy Opener function. ⑧ Bi-LED light for dipped and main beam function | LED cornering light.

THE RIGHT DRIVING FORCE FOR YOUR JOURNEY.

The versatility of the MINI Countryman is also exemplified in the choice of engines available. In addition to the three cutting-edge petrol engines and three ultra-modern diesel engines, you can also opt for an innovative plug-in hybrid with a 6-speed Steptronic transmission as standard and electric ALL4 all-wheel drive.

The MINI Countryman Cooper S E ALL4 marries together the benefits of petrol engines and electric motors. Its high-voltage battery single-handedly powers the car along short trips of up to 41 km without producing any emissions. The boost function supports the petrol engine and enables the electric all-wheel drive. So, the thrill of driving increases while the emissions decrease – virtually without limitation in day-to-day driving. The car can be charged via the charging cable provided or, alternatively, energy can be recovered from braking manoeuvres while driving.

- ① The harmonious interplay of the petrol engine and electric motor is visualised on the MINI Centre Instrument.
- ② Display in the Combi Instrument showing the extra power available.

COOPER S E ALL4.

A slick combo: A 3-cylinder petrol engine (136 hp/100 kW) at the front with an e-motor (88 hp/65 kW) at the rear axle. Instantly recognisable via the yellow MINI Plug-in Hybrid logo on the side scuttles and at the rear. Charging port at left side scuttle. Yellow “S” on the front grille and tailgate. Single Chrome-plated tailpipe at rear apron on the left-hand side.

COOPER S.

Better, faster, stronger: With a 2.0 l 4-cylinder petrol engine (192 hp/141 kW) or a 2.0 l 4-cylinder diesel unit (190 hp/140 kW), the Cooper S packs the biggest punch. Hallmarks include the red S on the rear, side scuttles and the mesh radiator grille with inner Chrome trim. Twin Chrome-plated tailpipes (right and left). MINI ALL4 Exterior Optic package available on request.

COOPER.

A 1.5 l 3-cylinder petrol engine (136 hp/100 kW) and a 2.0 l 4-cylinder diesel version (150 hp/110 kW) offer a handy blend of oomph and economy. Special features: A classic MINI contrast colour is available for the roof and exterior mirror caps. The tailpipe comes with a Chrome trim. Bonnet stripes available on request.

ONE.

The adventure starts here. Choose from a 1.5 l 3-cylinder petrol engine that delivers 102 hp/75 kW or a 1.5 l 3-cylinder diesel unit with an output of 116 hp/85 kW. Both feature MINI Twin Power Turbo technology. Elegant Black finish for the three fins on the radiator grille, side scuttles and tailgate handle trim. Exterior mirror caps in body colour.

CHOOSE YOUR OWN PATH.

Colour makes the world a brighter place and says something about us as a person. You can choose from 10 eye-catching paint colours to give your Countryman a personal touch and stand out wherever you go. The three contrast colours for the roof and mirror caps provide scope for an even more personalised look. The light-alloy wheels are available in 12 different designs, ranging in size from 16" to 19". A selection of nine of these are shown to the right.

TOUGH ON THE OUTSIDE, ELEGANT ON THE INSIDE.

A delightful contrast: beneath the rugged exterior lies an interior of the finest surfaces and exquisite materials. The MINI Countryman strikes the perfect balance between dominance and elegance. Besides its ultra-high standards and exclusive extras, an array of different packages and trim levels are available. To create just the right atmosphere inside, you can choose from three interior styles, incorporating colours and materials that complement each other perfectly.

① Interior surface Piano Black | Colour Line Carbon Black. ② MINI Yours Interior Style British Oak illuminated. ③ Rear seats in MINI Yours leather Lounge Carbon Black * | central arm rest in rear | Loading system with 40:20:40 folding rear seats. | fully or partially sliding 40:60 rear seat bench. ④ Sports seat in leather Chester British Oak * | interior surface Piano Black | Colour Line British Oak.

THE EDGE OF YOUR SEAT HAS NEVER BEEN SO COSY.

When you're sitting comfortably, you get more out of your journey. That's why it's important to select the right seat cushion for you. Besides cloth and leatherette covers, there is also a variety of leathers to choose from. When it comes to choosing from the seven different options, it is essential to consider how it ties in with the interior style – shown on the right.

¹ All figures relate to vehicles with the standard 6-speed manual transmission. Values in [] relate to vehicles with 7-speed/8-speed Steptronic transmission.

² The values shown for fuel consumption, CO₂ emissions and energy consumption are calculated in accordance with the measurement method prescribed in the European Regulation (EC) 715/2007 in the version applicable at the time of approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tyres available on the selected model and may vary during the configuration. The values are already based on the new WLTP test cycle and have been translated back into NEDC-equivalent values for the purpose of comparison. For these models, different values to those shown here apply when calculating taxes and other vehicle-related duties that (also) focus on the CO₂ emissions.

³ Range depends on a number of factors, in particular: Personal driving style, road conditions, outside temperature, heating/air conditioning, pre-warming.

The models, standard and optional equipment and combinability of options in this catalogue relate to cars supplied by BMW AG for the German market. The availability of standard and optional equipment, and configurations of options, may vary for all models in this brochure after going to press (on 29.05.2019) and may vary from country to country within the European Union. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to changes in design and equipment.
