

**THE NEW MINI COUNTRYMAN.**

**LET'S GET AWAY  
FROM IT ALL -  
TOGETHER.**

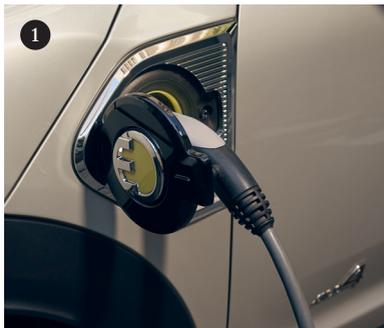

Innovative Plug-in Hybrid or impressive Twin Power Turbo? The new MINI Countryman is ahead of the pack with state-of-the-art technology. It takes the lead to new paths of experience – to new horizons of the mind.

As a Sports Activity Vehicle, it's just as home in an urban jungle as it is in the great outdoors. It inspires people to leave their everyday lives behind and to discover something exceptional. Its intelligent ALL4 all-wheel drive responds optimally to any spontaneous change in direction. Thanks to Dynamic Stability Control (DSC), its drive torque is automatically distributed between the front and rear axles. The result: powerful traction in any weather, on any curves and slopes.

# POWER THAT DRIVES US.

The new MINI Countryman drive embodies a passion for new ideas and sustainable concepts. In addition to the six efficient, turbo-charged petrol and diesel engines with three or four cylinders, the Cooper SE ALL4 offers an innovative Plug-in Hybrid with electric all-wheel drive. Switching between the MINI Driving Modes of MID, GREEN and SPORT changes the driving style by adjusting the steering and acceleration.

As a hybrid, it combines all the advantages of a petrol engine with that of an electric motor. Its high-voltage battery provides enough power to last up to 59<sup>1</sup> kilometres – on pure electricity, with no emissions. It is recharged during the journey by a process of recuperation (energy recovery) when the brakes are applied and can also be charged easily and conveniently at home or at a charging station. The electric boost function supports the petrol engine during acceleration and allows the electric all-wheel drive to do what it does best.

① Charges to 80% in less than 2.5 hours thanks to AC charging. ② Different electric driving modes can be set using the eDrive toggle. ③ ALL4 all-wheel drive for maximum stability and supreme traction on every road surface.

<sup>1</sup>Based on the WLTP test cycle

## COOPER SE ALL4.

Dynamic and efficient: with a 3-cylinder petrol engine with 125 hp/92 kW<sup>2</sup> at the front axle and an e-motor with 95 hp/70 kW at the rear axle. Instantly recognizable via the yellow MINI Plug-in Hybrid logo on the side scuttles and at the rear. Charging port at left side scuttle. Yellow "S" on the front grille and tailgate. Single chrome-plated tailpipe at rear apron on the left-hand side. Piano Black exterior available on request.

## COOPER S.

Better, faster, stronger: 2.0 l 4-cylinder petrol engine with 178 hp/131 kW<sup>2</sup> and 2.0 l 4-cylinder diesel engine with 190 hp/140 kW for maximum sporty power. Hallmarks include the red S on the rear, side scuttles, the mesh-look radiator grille and chrome-plated tailpipes on the left and right sides. MINI ALL4 Exterior Optic package available on request.

## COOPER.

Let's get away from it all. the 1.5 l 3-cylinder petrol engine and the 2.0 l 4-cylinder diesel engine with 110 kW/150 hp. Special features: A classic MINI contrast colour is available for the roof and exterior mirror caps. The tailpipe comes with a chrome trim. Fin grille with horizontal struts optionally available in Chrome. Also available with Chrome Line exterior.

## ONE.<sup>3</sup>

The adventure starts here. 1.5 l 3-cylinder petrol engine with 102 hp/75 kW or 1.5 l 3-cylinder diesel engine with 116 hp/85 kW. Both feature MINI Twin Power Turbo technology. Elegant Black finish for the side scuttles and tailgate handle trim. Exterior mirror caps and roof in body colour.

<sup>2</sup> Depending on the environmental conditions, a temporary peak of the combustion engine power is provided, which can be approx. 10% above the rated power. The duration of the peak performance increases with falling ambient temperature (approx. 5 s at +25 °C, approx. 40 s at -20 °C).

<sup>3</sup> Available from November 2020

# INSPIRATION IN COLOUR AND SHAPE.

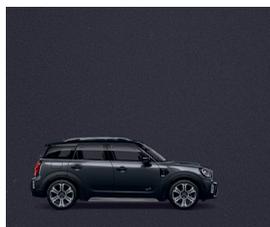

Which colour will best reflect a sunset by the sea? You decide. Your future MINI Countryman is available in nine striking colours that are sure to accentuate your personal style. The four optional additional contrast colours for the roof and exterior mirror caps provide even more scope to express yourself. The light-alloy wheels are available in 11 different designs, ranging in size from 16" to 19". A selection of these options can be seen to the right.

# CREATE YOUR OWN ATMOSPHERE.

Sometimes a bit of contrast can make life more interesting. So why not enjoy the elegant interior of the new MINI Countryman the next time you're on your way to experience nature in all its diversity? Its interior design features the highest-quality surfaces made of selected materials in a stunning design. Its sophisticated standard and extra features are enhanced by exclusive trims that put the finishing touch on its interior atmosphere. To ensure that everything blends harmoniously, a range of interior styles are available that are tailor-made to complement each other.

- ① MINI Yours Shaded Silver illuminated interior style | Leather Chester Malt Brown\* | Panoramic glass sunroof. ② Harman Kardon® HiFi system. ③ Malt Brown Colour Line. ④ Rear seats in leather Chester Malt Brown\* | 40:20:40 folding rear seat backrests | fully or partially sliding 40:60 rear seat bench.

\*See next page for more detailed information on leather interiors

# ARE YOU SITTING COMFORTABLY? THEN LET'S BEGIN.

If you're seated comfortably on your journey, you'll be more relaxed and able to enjoy the destination when you arrive. But when it comes to choosing your seat cushions, it's not just about comfort on long drives – your personal style is an essential element. Besides numerous different fabrics, there is also a variety of stitched, perforated and textured leathers to choose from. What's more, to personalize your interior even further, an impressive range of surfaces, styles and Colour Lines (shown to the right) are available to help you create a harmonious overall ambience.

For more information on the interior trim, visit [mini.mu/configurator](http://mini.mu/configurator)

**MINI YOURS.** Experience the luxury feel of the MINI Yours leather Lounge Carbon Black seat, with its classic Union Jack design on the front of the headrest, its striking piping and its immaculate workmanship. In a MINI Yours seat, you can really feel the difference, however long the drive.<sup>1</sup>

# DESIGN FOR THE SENSES. A SENSE FOR THE PRACTICAL.

Quintessential MINI: an abundance of style in a concentrated form. The Piano Black exterior gives the Countryman a particularly sporty look. At 4.3 metres long, it offers plenty of head- and legroom, plus a luggage compartment with a capacity of 450–1390 litres. Smart details, from the LED headlights with Matrix light functionality to the panoramic glass sunroof and the picnic bench at the rear, serve as inspiration for new adventures.

- ①–④ Sage Green paint colour | Piano Black exterior. ①+④ MINI ALL4 Exterior Optic package. ① Roof rails.  
 ② LED headlights with Matrix light functionality. ⑤ Multifunctional 14 cm/5.5" instrument display.  
 ⑥ MINI Head-Up Display. ⑦ 22.4 cm/8.8" touchscreen (in connection with the MINI Connected packages).  
 ⑧ Fold-out picnic bench in the luggage compartment | 450–1390 litre luggage capacity. ⑨ Comfort Access system with electric tailgate and Easy Opener function | 19" Turnstile Spoke 2-tone.

## WHAT'S NEXT? WELL, YOUR PERSONAL TEST DRIVE, OF COURSE!

Life's essential lessons can't be found in books or online – you have to discover them for yourself. The only way to grow as a person is to get out there, explore new ideas and grapple with new experiences. If you feel adventure calling, contact your MINI Partner, who will be happy to book a test drive in the Countryman for you. Come on in and discover a new way of seeing the world, experiencing travel hands-on and meeting new people. Take the first step and get more out of life – in the new MINI Countryman.

Technical specifications valid until 31.10.2020, subject to changes. Current specifications available at [mini.com](http://mini.com)

<sup>1</sup> Preliminary values; engine variant available from November 2020.

<sup>2</sup> Depending on the environmental conditions, a temporary peak of the combustion engine power is provided, which can be approx. 10% above the rated power. The duration of the peak performance increases with falling ambient temperature (approx. 5 s at + 25 ° C, approx. 40 s at -20 ° C).

<sup>3</sup> All figures relate to vehicles with the standard 6-speed manual transmission. Values in [ ] relate to vehicles with 7-speed/8-speed automatic Steptronic transmission.

<sup>4</sup> The data for fuel consumption, CO<sub>2</sub> emissions and energy consumption are determined in accordance with the measurements processes as defined by European Regulation (EU) 715/2007 in the applicable version. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment. For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO<sub>2</sub> emissions. Version 05/15/2020

<sup>5</sup> Range depending on different factors, in particular: Personal driving style, road conditions, external temperature, heating and air conditioning, and preconditioning.

The models illustrated in this brochure show the specifications for vehicles produced by BMW AG for the German market. In part, they include optional equipment and accessories not fitted as standard. The availability of standard and optional equipment, and configurations of options, may vary for all models in this brochure after going to press on April 29th, 2020 and may vary from country to country within the European Union. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to changes in design and equipment.

At the end of the use phase, all vehicles can, of course, be recycled and re-used. Additional information about returning your old vehicle can be found on our website at [mini.com/recycling](http://mini.com/recycling)
